    - Create a rubric of judging criteria; including
    - Student employees are eligible to nominate
  - Announce: Daily Lobo, UNM Today, list-serves, etc.

- Miscellaneous:
  - Compensation Committee: Manager/Supervisor Performance Evaluation status?
    - REPLY FROM SC PRESIDENT MARY CLARK: “The manager/supervisor performance review had been put on hold by Staff Council Past President Merle Kennedy when it became clear to him that Human Resources was not interested in moving forward with our request. Now that Helen Gonzales has been replaced, I would be willing to open a discussion with Interim VP Jewel Washington. I ask that the committee provide both a formal request, a justification for a manager/supervisor performance review, an outline of how it should be implemented, and who would have access to the reviews?”
• Ad Hoc Compensation: have Regents looked at this document?
  o  **REPLY FROM SC PRESIDENT MARY CLARK:** “Regent President Jack Fortner acknowledged to me that the Board of Regents has reviewed the Staff Compensation Report, but we are still waiting for UNM’s budget to be finalized in Santa Fe. To be honest, I am feeling less optimistic about the State giving out any compensation increases, which means that UNM would have to find the money internally, through cutbacks, to give staff a raise.”

• **FROM SC MARY CLARK:** “Staff Council has successfully implemented a review of the deans by the academic staff, which will begin Monday. Also the Campus Climate Survey, organized by the Office of Equity and Inclusion, will also go out to faculty and staff shortly. This survey had been put on hold during the Schmidly administration and has now received the green light from President Frank.”

• **FOLLOW UP TO CAT LEAVE FROM MARY CLARK:** “It was very important for the ad hoc committee to develop the Staff Compensation Report and Recommendation, very important. The report matches the Provost’s Five Year Faculty Compensation Recommendation, made a strong statement to the Regents, and President Frank, and allows me and future Staff Council Presidents to continue to advocate for compensation increases for staff. Without it, we are asking for a raise with no more justification other than, "It has been XX years since our last raise."

• Teresa Sierra: Asked if anyone had experience/problems with receiving long-term disability. Apparently, she has a constituent that that received Cat Leave and then applied for long-term disability but she has been denied so she is appealing the decision. There seems to be a breakdown in communication about the policy between UNM and Standard Insurance.
