REPORT: North Campus Virtual Safety Walk

The HSCS hosted its first North Campus Virtual Safety Walk during the week of November 14, 2016. Eight venture teams and were directed to the Office of Health and Safety, where students walk orders to PRO were submitted. Overall, the event was well received. The committee is hoping to continue this event virtually again next year.

The People’s Heartbeat Faculty Memorial Underway

Here you wondered about the construction site between the lower level places between Domenici Center, the HSC Library, the Biomedical Research Facility, and the Family Practice Center? We did. We’ll be home to the new UNM School of Medicine Faculty Memorial. ‘The People’s Heartbeat’, commemorating faculty and staff contributed so much to UNM SOM. ChristineWilliams designed the memorial in conjunction with Conrad Smith, LTD with she was a student at the UNM School of Architecture in 2000.

You can find a faculty name, leave a remembrance, learn more about the design, and even make a donation in honor of a faculty member by clickstop here.

Chuckie in the new year!

“I’d kill for a Nobel Peace Prize. I know money from philanthropy – they don’t expect it back. All those who believe in psycho kinesthe, raise my hand. OK, so what’s the speed of death? I don’t know. In a way of coming, you’re in the wrong lane. I intend to live forever... So far, so good. If Barbie is so popular, why do you have to buy her friends? What happens if you get poisoned? If you have the right taste. Experience is something you don’t get until just after you need it. The hardness of the butter is proportional to the softness of the bread. The color of the water, the manner in which news goes on it! Everyone has a photographic memory; some just don’t have film. If at first you don’t succeed, skydiving is not for you. If your car could travel at the speed of light, would your headlights work?”
